CAREER OBJECTIVE

I am in search of excellence to enhance my knowledge and exposure by devoting my full efforts in achieving corporate objectives.

As a fresh BSc graduate, I am punctual, driven, detail-oriented, creative, and well-organized. I have a strong foundation in programming languages such as C, C++, and C#, along with expertise in web technologies like PHP and ASP.NET for full-stack development. Additionally, I have hands-on experience with object-oriented programming using C++ and C#.

ACADEMIC QUALIFICATION
